

Phase 5 Volunteer Application Form

The Canada Uganda EMS Society and Tweyambe Emergency Services are very excited to announce that we are resuming our regular program following delays caused by COVID-19.

Our next phase will be taking place in February of 2022, with plans for a two-week intensive course with certification in what we are calling EMR-Ambulance for up to 12 new recruits, with some more advanced training for our existing practitioners. This course will run from Monday, February 7 to Friday, February 18.

Volunteers will be asked to be available for at least two weeks in Uganda with one full week of instruction. Transportation, food, and lodging costs will be the responsibility of the volunteers, though accommodation will be arranged.

If you are interested, please fill out the below form and submit along with your resume to paul@canadaugandaemssociety.org.

What is your name?
